WOODY AND DEBBIE JONES

*MS-F Directors*

Hope everyone has or is going to register for the Region A convention in Eufaula, AL, September the 16th through September 18th.

The Couple Of The Year selection will be on Friday, Sept. 17th at 11:00 a.m. Lori and Bobby need everyone's help as they compete in this selection.

We also still need items for our Chapter Of The Year Basket. We appreciate all the help we can get. We want to always support the Couple Of The Year program. We are the ones who can either make it or break it.

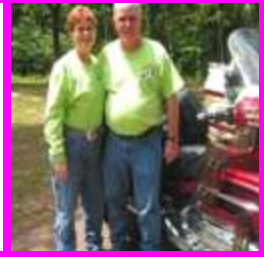

That's about all except keep pushing Fun Day.

*Get R Done*

*Woody and Debbie Jones*

JIM AND SUSAN HARRISON

[Assistant MS-F Directors](#)

From the Wanderers:

**And that's why it's called the Purple Heart Memorial Highway**

*"The road to glory in a patriot army and a free country is thus open to all."*

—General George Washington, in his General Order describing the award of a Purple Heart, August 7, 1782.

If you like me see the signs designating certain highways the Purple Heart Highway and do not know why – then this article is for you and for me.

The Purple Heart Memorial Highway is a nationwide memorial dedicated to the honor and memory of all combat-wounded veterans. The highway originates in Mount Vernon, Virginia, and runs through the states that have designated parts of their highway systems as Purple Heart Memorial Highways.

General George Washington issued the original orders describing the Badges of Military Merit, a heart fashioned from purple material and worn on the left breast.

**At the close of the Revolution, Washington's orders disappeared—for 150 years the medal and the honor that it bestowed were lost. It wasn't until a search of records was being conducted in preparation for Washington's bicentennial birthday celebration in 1932 that the order**

was rediscovered. A new Purple Heart medal was designed specifically to honor the soldier wounded or killed in the course of combat. The heart bears the profile of Washington and his coat of arms—the stars and stripes said to be the inspiration for the design of the American flag.

Whenever the military awards a Purple Heart, the honor is bittersweet. The medal is only given in cases where a soldier has been wounded or killed by enemy action. The Purple Heart cannot be earned for skill or valor—it only, and always, represents the shedding of blood. For the soldier who receives the medal—**or the soldier's family in the case of a posthumous award**—it signifies that the soldier is part of a warrior elite, an exclusive fellowship of pain and loss endured in the service of protecting America and the cause of freedom.

There are half a million Purple Heart recipients alive in our country today and, of those, forty thousand have received the medal for combat injuries incurred in Afghanistan and Iraq.

The Military Order of the Purple Heart (MOPH) establish a series of trails and roads in every state to be named to memorialize the Purple Heart. According to **MOPH's website, "The Purple Heart Trail accomplishes the honorary goal by creating a visual reminder to those who use the road system that others have paid a high price for their freedom to travel and live in a free society."**

As you ride across the country look for these designated highways and remember the soldiers that have sacrificed so much for our freedom and say a **prayer for those that are still in harm's way.**

*DISTRICT COUPLE OF YEAR*

Practice Makes Perfect

*by Robert Vaughan*

Your skills are good. You ride every week. Last year you took the Basic Rider Course and this year you took the Experienced Rider Course. Turning around in the street, two-up, is a breeze. And you do your SIPDE so well, watching 12–15 seconds ahead, **that you can't remember the last time you had to do an emergency braking or swerving maneuver.**

But perhaps the problem is that you are so good at avoiding **using emergency maneuvers that you're out of practice. If you ride properly, you don't get to practice some of your skills on the street. That doesn't mean you should let them deteriorate** until the next time you take a rider course.

**That's why they make parking lots. And you thought those** painted yellow lines were just there to corral the cars. Their real purpose is to provide a marked area to practice so you can keep all your skills sharp—not just the ones you use every day. The same skills which degrade in a few months can be retuned in a few minutes of practice.

Quick stops are easy to practice on a good parking lot with a good surface. Bring your speed up to 15–20 mph, look at a distant object straight ahead, and squeeze the front brake while you press on the rear brake. You squeeze quickly, progressively and hard. Do not grab the front brake. If you keep the speed the same for several tries while you start braking at the same yellow line, you can measure your progress.

Now comes the fun part—swerving around an object. Recently, one study found that an expert rider could swerve as sharply on **his Gold Wing as he could on a much smaller bike. You won't**

believe just how quickly you can swerve. Try swerving around an eight-foot wide obstruction (tennis balls cut in half) at 15 mph. Remember, do not brake or downshift while swerving.

**Once you bring these two skills up to par, it's time to put them together.** Quick stops on a curve require you to (1) straighten up before you (2) brake hard to stop. **Let's look at that order again.** First press on the handlebar near the outside of the curve. **(If you're turning right, press left.) Press until the bike is completely vertical.** Be sure to straighten the handlebars as the bike straightens up. Once you are straight, all your traction is available for stopping. Look at a distant object straight ahead, and quickly and progressively squeeze the front brake while you press on the rear brake.

You have just put two skills (swerving and stopping) together (but not too closely) to practice quick stops on a curve. Now **you're ready to go out and face the world again, much better prepared than when you rode into that parking lot.** You've tuned yourself up for another few months.

*Bobby and Lori Bryant*

Woody and Debbie Jones

*Couple of the Year 2010*

O.K. Everyone. September 16, 17, 18 is getting very close. **If you don't know what I mean, that's when Bobby and Lori are in the Region Couple Of The Year selection.** We need everyone that can, to try and make it to Eufaula, AL, to support them and if you can't make it then pull for them where ever you are. We have one couple in our Chapter, Bob and Juanee, that has been Region and International Couple Of The Year. We would like to see another one of ours get Region A Couple Of The Year.

**So let 's go and Get R Done**

*Woody and Debbie Jones*

Bobo & Cathy  
Mozingo  
*Membership Enhancement  
Coordinators*

Hello to all Chapter F members, Visitors, Friends & Sponsors:

Hope your summer is going well. Although summer is almost gone, the datebook still has a lot of activities planned. Eufaula Rally, Chapter F Fun Day, District Rally, Tupelo, MS, just a few to mention. Don't miss out on the fun.

I can't remind you ALL enough, KEEP your bikes serviced. Tires are a main concern. Valve stems & air pressure, keep them checked

While out, make yourselves friendly, especially to those you see on bikes. Invite them to ride with you. Who knows... they just may join GWRRA.

*Cathy & Bobo Mozingo*

We thought it was hot last month but this month has broken heat records. It is almost too hot to ride but we have taken several day trips. You just need to stay hydrated to survive these trips. We usually carry a frozen bottle of water each. Of course they melt rather quickly! Another thing we do is wear our water soaked kerchiefs around our necks. We try to stay hydrated.

One of the hot rides that we took last month was to New Orleans and return. While there we decided to ride the trolley cars, something neither of us had ever done. We left at 5:15 AM, the cooler part of the day. It was very pleasant but the temperature quickly changed as the sun rose in the sky.

Another ride we went on was started in the early part of the day also, and we ended up in Kilgore, TX, where we ate lunch and returned home. We were soaking wet by the time we got home, not from rain but from the heat.

We made a ride to Birmingham last month also. It was a little warmer and we really felt the heat. We were glad when we returned home to get in the air conditioning.

August 7-8, eleven MS-F members, on seven bikes, rode to Rome, **Georgia, to try to get the Traveler's Plaque but were unsuccessful.** Jacksonville, FL, picked it up and were to give it away August 14. **Although we didn't capture the plague, we had a wonderful time.** We had a few rain drops on the way there and the return trip, but they were welcomed coolness!

To add to the heat in August, we were inundated with rain and flash floods! The urge to ride had to be put on hold to our disappointment. Hopefully we will be able to get a few more rides in this month.

As things turned out, we did get a ride in on Friday, 8/20/10, to Monroe for brunch and returned. Buck drove over and I drove back. I am getting some of the driving experience that I need.

Saturday, 8/21/10, five bikes and 6 people rode to Sturgis, MS for **the Li'l Sturgis Rally, in the heat. There were hundreds of bikes**

of all kinds lining the main street and parked in yards. Upon returning Buck and I stopped by the training sessions and got the last one, crash course.

We had a good turnout for the supper ride to Burgers and Blues on 8/24/10, not to mention the great hamburgers we had and the ice cream. Everyone had a great time.

Friday, 8/27/10, found us in Gulf Shores, AL. It was a very pleasant trip down as the weather was cooler, BUT that was to change quickly. Squalls started coming in from the Gulf. We had terrific winds and rain with waves being 4 to 6 feet tall. We stayed in a pavilion for the worst part but had to drive in it all the way home. Needless to say, we were soaked to the bone. We did enjoy the scenery on the way down, noticing how it changed as we got closer to the coast.

It looks like September is going to be full of rides, conventions and fun. Take advantage of all the fun offered by MS-F.

**Don't forget our Western themed Fun Day on 9/11/10. A good time should be had by all. We all need to pitch in and help make this a successful event.**

Many members of Chapter F will be going to Eufaula, AL, to support Bobby and Lori Bryant in the Region Couple of the Year selection. **If you haven't made your plans to go, do it soon!**

Some members of Chapter F will be going to Fletcher, NC, for the **"Wings Over the Smokies" convention, 9/23-25/10.** This should be a great event.

To those of you not attending these events, Jim Smith has planned rides for you on 9/18 /10 and 9/25/10. This is a chance for you to get some miles on your bike, plus some good food.

**If you haven't registered for our own District Convention, 10/14-16/10, in Tupelo, MS, you need to get in gear and do it soon.**

**"Til next time, *KEEP IT SAFE OUT THERE!***

***Buck and Nickie***

# Tommy and Sandy Klauder

## *Event Coordinators*

Well, August is almost gone and we hope it takes this heat with it!! Despite the heat there have been several rides made this month. First, a trip to Rome, Ga. to try and steal the Wanderers Plaque. Unfortunately, Florida showed up in force and we didn't get it. On the 14th some of our members enjoyed a ride to the old country store in Lorman, Ms. We heard that Richy Rich didn't perform his bike checkup after not riding for a while and ran into tire issues !!! THANK GOODNESS FOR RESCUE PLUS (one perk of being a GWRRA member)!! We understand a call was made to them and his bike was carefully towed back to his house. Just another testimony to the value of the Gold Book and Rescue Plus. The 21st of the month was our Education weekend with seminars on multiple topics with parking lot practice. We hope most of you were able to attend at least some if not all of the seminars given. We can never learn enough when it comes to road safety and we thank our Chapter Educators Bobby and Lori for a job well done in helping to keep us safe out there.

As most of you already know, our next event will be MS-F FUN DAY on Saturday, September 11th from 9:00am - 2:00pm at the Ms. Realtors Building on Lakeland Drive. The theme for this year is "Western" so be sure to wear your green chapter shirts, cowboy/cowgirl hats, boots and bandanas if you have them. We'll have all kinds of fun Games, Bingo, Bike games, Lunch and of course PRIZES. I've even heard we'll have a Dunking Booth with some of our "Fav" members in it, So get out in the yard and PRACTICE that swing.... you may never get this opportunity again!! In the past, everyone has worked together and made this fund-raising event for our chapter a huge success and we hope this year will be no exception. We'll be needing some of our ladies (or men.... I'm not **picky**.... to make brownies, rice crispy treats, cookies or homemade ice cream. I'll be passing around a sign up sheet at our August monthly meeting so if you are able to bring something please sign up. We are asking that your items be INDIVIDUALLY wrapped in Saran Wrap for quick sale.

September 16-18 is the Region A Convention in Eufaula, AL. If you can, please go and show your support for our own District Couple of the Year, Bobby & Lori Bryant, as they compete in the Region A Couple of the Year selection process. We know that everyone can't attend due to various reasons but please wish them both the best. I know everyone will be with them in spirit if not physically.

October will bring our Ms. District Convention, October 14-16, in Tupelo, Ms. If you haven't sent in your registration form yet., what are you waiting for???? Last year's rally was a huge success and lots of fun was had by all. DON'T miss out. Plan to attend. Remember.... you have to participate to have a good time at anything in life.... MAKE IT COUNT !!!

*Tommy and Sandy Klauder*

Jim Smith  
*Ride Coordinator*

The following rides are scheduled for the month of September:

9/4 Ride country roads to Pelahatchie, MS  
**Stop and eat at Duke's Steak House**  
KSU Waffle House, Brandon 10:00 AM

9/11 MSF Fun Day—No ride scheduled

9/18 Ride to Philadelphia, MS  
Stop at Casino for Lunch  
KSU Burger King Castlewoods 9:00 AM

9/25 Ride to Greenville, MS to see the new  
bridge  
Will stop to eat lunch  
KSU Exxon, Flora, 49 North 9:00 AM

Come join us for these rides and have some fun  
and food along with safety and knowledge.

*Jim Smith*

David and Peggy Lowther

**MOTORIST AWARENESS COORDINATORS**

Hi Fellow Wingers,

We first want to thank Woody for asking us to be motorist awareness coordinators. Hope we don't let you down. Sure hope we soon get some relief from this heat so riding will be more pleasant---maybe by Sept.

The few ideas we've had for motorist awareness events have all run into dead ends or conflicts. If anyone has any ideas we would love to hear them.

School has started again so please be especially aware of the children and those big yellow buses. Let's all remember to do all we can to be better seen by the cagers ---multiple lights, bright colors, good signals, watching your position in your lane and on the road, etc. Remember, they are looking for other cars--not motorcycles. The hide you save might be your own.

On a personal note, thanks very much for all the well wishes concerning Peggy's upcoming surgery on Sept 13. Rehab will be tough but we are confident that all will go well and Peggy will soon be riding again.

Finally, PLEASE ride SAFE-SAFE-SAFE. We love you all.

*Peggy and David*

## From the District Newsletter

### Gregg and Pat Harbison

Wow! September is just about here and that means the Region "A" Convention is just around the corner, too. Bobby and Lori Bryant will be vying for the Region "A" Couple of the Year in the selection process in Eufaula, AL this year. It's always nice to see your friends from your own District cheering you on at a Region event so, come on everybody, let's all be there to support Bobby and Lori Friday, September 17.

As always, Mississippi, along with the other four Districts' Staff members in Region "A", has duties to perform at the Region Convention. Mississippi has Ticket Sales and Poker Run duties again and if any of you could spare us a couple hours Thursday, Friday or Saturday, we would certainly welcome the help! If you are willing to help, please contact us for times. Thank You!

And, it's getting closer to our own Convention in October! Things are going well for our own Mississippi 'District Convention in Tupelo, October 14-16. ....

Don't forget, we have all kinds of good things for your Chapter to participate in at our Convention. The Costume Contest will be held Thursday night at the Summit Center following the Lighted Bike parade through downtown Tupelo. We will be escorted by the Tupelo Motorcycle division during the parade. Along with all the seminars, we're presenting, plus the ARC, ERC and Trike courses, the Chapter Shirt contest is one that many of you who have designed new shirts will certainly want your Chapter involved in. Show 'em off with pride and let everyone know how unique you are!....And then there's the World Famous Mississippi District Talent Show. Hoo boy! Your chapter really has a chance to shine here and entertain the crowd Friday night. ...

Please make your plans to join us by registering for the Convention. And all of you are eligible to buy tickets for the prizes. To win the \$5,000.00 Grand Prize would really be nice, right? Hey, *you're* all guests, too!

*Gregg & Pat*

*Magnolia Wings*  
*Recipes*

CRANBERRY PUDDING

CRANBERRY CAKE

4 TSP Baking Soda

1 Cup Molasses

1 Cup Boiled Water

3 Cups Flour

2 TSP Baking Powder

3 Cups Fresh Cranberries

Pan of Water

1 1/4 hours baking at 350 degrees with bundt pan sitting in the pan of water

CRANBERRY SAUCE

1 Cup Sugar

1 Cup Whipping Cream

1/2 Cup Butter

Note: Warm Well Before Pouring on Cake

# Chuckles

## Degrees Of Blondness

### FIRST DEGREE

A married couple were asleep when the phone rang at 2 in the morning. The wife (undoubtedly blonde), picked up the phone, listened ! a moment and said, "How should I know, that's 200 miles from here!" and hung up. The husband said, "Who was that?" The wife said, "I don't know, some woman wanting to know if the coast is clear."

### SECOND DEGREE

Two blondes are walking down the street. One notices a compact on the sidewalk and leans down to pick it up. She opens it, looks in the mirror and says, "Hmm, this person looks familiar." The second blonde says, "Here, let me see!" So the first blonde hands her the compact. The second one looks in the mirror and says, "You dummy, it's me!"

### THIRD DEGREE

A blonde suspects her boyfriend of cheating on her, so she goes out and buys a gun. She goes to his apartment unexpectedly and when she opens the door she finds him in the arms of a redhead. Well, the blonde is really angry. She opens her purse to take out the gun, and as she does so, she is overcome with grief. She takes the gun and puts it to her head. The boyfriend yells, "No, honey, don't do it!!!" The blonde replies, "Shut up, you're next!"

### FOURTH DEGREE

A blonde was bragging about her knowledge of state capitals. She proudly says, "Go ahead, ask me, I know all of them." A friend says, "OK, what's the capital of Wisconsin?" The blonde replies, "Oh, that's easy: W."

### FIFTH DEGREE

What did the blonde ask her doctor when he told her she was pregnant? "Is it mine?"

### SIXTH DEGREE

Bambi, a blonde in her fourth year as a UCLA freshman, sat in her US government class. The professor asked Bambi if she knew what Roe vs. Wade was about. Bambi pondered the question then finally said, "That was the decision George Washington had to make before he crossed the Delaware."

### SEVENTH DEGREE

Returning home from work, a blonde was shocked to find her house ransacked and burglarized. She telephoned the police at once and reported the crime. The police dispatcher broadcast the call on the radio, and a K-9 unit, patrolling nearby was the first to respond. As the K-9 officer approached the house with his dog on a leash, the blonde ran out on the porch, shuddered at the sight of the cop and his dog, then sat down on the steps. Putting her face in her hands, she moaned, "I come home to find all my possessions stolen. I call the police for help, and what do they do? They send me a BLIND policeman."

*A Note from Rich Stevenson Regarding  
the August 14, 2010 Ride to Lorman*

Hello,

Just want to relate a story about today's ride. I showed up at 9:55(I know you are LOL) 1st time in 3 months I had taken the bike out of the garage and there were only 3 others but as HOT as it was going to be and all those who are Sick and broken we all understand (I am surprised I showed up).

Anyway we took off in search for a little Chicken or Chicken Little what ever we could find. We got about 6 miles from Utica and we stopped at a little Crossroads Market and before we went in I checked my air on my tires because we had just come off of a newly paved rough road and my bike felt kinda sluggish. The front tire was a little low so thank goodness for Tommy and his 1500 with the built in air pump we were able to air it up. The tire monitor on the back said it was OK so I didn't touch the tire. We went in the little market had a cold drink and sat in the air for about 30 minutes. We went back outside and low and behold my back tire was almost flat. So we went to air that up and it would run out as fast as Tommy put it in and the Valve Stem was leaking. Why I don't know, I just put new tires on last year and we never touched the back tire.

Yes, I could have gotten my Gold Wing Book out and called someone who would have more than likely said they would come out and help even though I am sure that they didn't really want to be out in that heat. So I just got out my Rescue Plus Card, called the 888 number and a nice lady found a Roll Back Wrecker to come out and get my Bike, who took very good care to make sure it was secure and carried me home. The others rode on while I waited inside the cool air of the little store.

So now my bike sits in the garage with one flat tire and the other one with the same type of valve stem which worries me so I think I need them both changed. I guess the moral of the store is that a 3 month break is a 3 month break and it doesn't matter if it is winter or summer you should still do your coming out of storage checks before you ride!

Have a nice day!

*Rich*

Trip to Rome, GA, 8/7/10, to try to capture the Traveler's Plaque but lost to Jacksonville, FL. We did have fun!

Trip to Rome, GA, during the dinner meeting. We were all overstuffed!

Supper Ride to Ryan's, 8/10/10. Mae sure does look happy. Wonder what she is thinking about?

Supper Ride to Ryan's 8/10/10. Sandy is discussing something funny with Jim and someone else.

Line of bikes on main street at the Little Sturgis Motorcycle rally on 8/21/10. This is just a few of them.

Tommy Klauer during the Trailering Course on 8/21/10. It looks like he made it ok.

Supper Ride to Burgers & Blues on 8/24/10.

Members waiting to place their orders at Burgers & Blues on 8/24/10.

*We wanted to let all of you know how much we both appreciate MS-F! The support and friendship during the passing of my daddy will never be forgotten. The food was great. But the love we felt from everyone was tremendous. Just seeing your faces and knowing that you were there meant more than you'll ever know. I don't have any brothers or sisters, but I do have a wonderful extended family and we both love you all so much!*

*Thank you all so much!*
